“ We had the most amazing Wedding
at La Finca From start to end!
The staff could not have done more
for us, they went above and beyond
to ensure our day was everything
we had imagined.

The setting for the ceremony was out
of this world. From hand made paper
butterflies and confetti,
to poetic hand written signs.
The food was beautiful, full of
flavor and the starters
were exquisite!!

People would say to me
“Your wedding day is the most
stressful day of your life.”
I beg to differ. I guess we didn't
get the chance to experience the
stress of planning the big day as we
had Syrie and her team at La Finca
Fusion to thank for that.

“When we decided to hold our wedding at La Finca we could not have known the, kindness attention to detail or the professional friendly service we were about to encounter. The team as a whole gave 110% to make our day as special as it could possibly be. Our thoughts suggestions and expectations were taken on board, we worked together with the team which resulted in us becoming husband and wife in the most amazing atmosphere surrounded by our family and friends. The food was faultless, the effort from the team was outstanding, the attention to detail has to be seen to be believed and the venue is breathtaking. We cannot recommend La Finca and the team highly enough, if you want the wedding of your dreams speak with Syrie.”

“From the moment I spoke with Syrie on the phone I knew I wanted her to organise my wedding. Syrie is the reason to have your wedding at La Finca, (although the food is also amazing) she is dedicated, listens and understands the importance of celebrating your day and how you want it to be and executes it with grace and elegance. La Finca is a magical place and that is exactly what our day was. The staff made all my family and friends feel comfortable and cared for. I had complete trust that Syrie would make it magical and special and she really did. We gave her a very open brief of a mad hatters tea party, wanting to escape into a different literary world (we are book worms) but without cliches. Her vision was absolutely stunning and many of my guests have since said it was one of the most beautiful and fun weddings that they had experienced. All the team made us feel like part of their family and it will always be a special place for us now.”

“ We decided to celebrate our wedding at La Finca because we love the place and we imagined how beautiful it would be to send the day there along with family and friends.

From the first moment we felt very comfortable planning the day, the decoration, the food with Syrie with whom we connected quickly.

She really understood what we were looking for and when we arrived at the venue on our day we saw how everything was set as good as we imagined, probably better.

We will always be thankful to Syrie and all her team for the great job they offered us on that day.”
